Dear Yap Chun Kit,

We are pleased to inform you that your request for an industrial internship with Tech Star Global (the "Company") has been accepted. The following terms and conditions shall be applicable to you :-

1. Date of Commencement

Your industrial internship will be automatically terminated upon the expiry of the internship period subject to an extension of the period which will be mutually agreed upon by the Company and yourself.

INTERNSHIP PERIOD		
28 th October 2024	to	27 th January 2025

2. Training Allowance

You will be paid a monthly allowance of RM 800 (Ringgit Malaysia Eight Hundred Only) during your industrial internship with the Company. Working hour is Monday to Friday (9.00am – 6.00pm).

3. Notice of Termination.

At any time during the industrial internship period in detailed or extended as the case may be, your training may be terminated either by the Company or yourself with notice of two (2) weeks in writing. The Company may, prior terminate the Employee's employment with or without just cause and without notice to the Employee if performance is worst such as consistently late to work, sleeping during work, absent without valid reason & etc.

4. Confidentiality

You may be handling highly sensitive and Confidential Information with regard to the Company's operation and policies during the course of work and it is expected that you shall not use or divulge any such Confidential Information (during the continuance of the tenure of your industrial internship or any time thereafter) to any person other than to authorized employees of the Company who by virtue of their positions require such information for the proper performance of their duties and you shall keep secret all Confidential Information entrusted to you and shall not use or disclose any of the Confidential Information for your own personal gains or for the benefit of any third party in any manner which may injure or cause loss to the Company, whether directly or indirectly.

Please note that the term "Confidential Information" would include all confidential information, records, documents, accounts, plans, analysis, database, knowledge, operational, technical, financial, computations, compilations, price lists, customer and supplier lists and accounts, correspondence, letters and papers or every description, trade secrets, marketing plans and strategies, pricing and costing policies; non-public financial information of the Company which may come into your possession in the course of your remuneration packages such as salary, bonus, and etc. and such Confidential Information shall remain to the property of the Company.

5. Intellectual Properties

Upon acceptance of this offer of industrial, the intern shall be considered to have knowledge:

(a) that in the ordinary course of the internship, the intern will be in possession, control or acquire information that are the intellectual property of the Company, its subsidiaries or affiliates, which will include but not be limited to unpublished results, know-how, non-patentable or patentable information, technical information, or all other confidential information of every description, whether or not originally supplied by the Company, its subsidiaries or affiliates regardless of whether it is provided orally or in writing, whether it is digitally or electronically transmitted;

(b) that the Company, its subsidiaries or affiliates have expended and will expend, considerable effort and moneys on the intern who may as a result make discoveries, findings, conceptions, inventions or any other similar developments, know-how, patent application or patent, including but not limited to know-how, original data, computer programs and records of work, whereupon it shall belong and become the property of the Company, its subsidiaries or affiliates;

(c) that, accordingly, it is reasonable that the intern should covenant that in the event of termination of industrial internship for whatever reason, the intern shall undertake that during the continuance of employment or at any time thereafter (except in the proper course of duties or as required by law or the Company, its subsidiaries or affiliates), will not use or disclose to any person of the intellectual property, confidential information, trade or business secrets under this clause that come into possession while under industrial internship of the Company in any capacity and would immediately deliver up the same and copies or extracts in whatever form or manner to the Company, its subsidiaries or affiliates and the intern shall endeavor to prevent the use or disclosure of any such information by third parties;

(d) the Company shall reserve the right to request the intern to disclose any interests which may arise from time to time and may have potential conflict with the interests of the Company, its subsidiaries or affiliates.

(e) the Company shall reserve the rights to Discoveries Inventions or Intellectual Property Rights. Any discoveries inventions made or intellectual property rights created (whether registrable or not) shall be and remain the sole and exclusive property of the Company. The intern shall have no rights to or interest in such discoveries inventions or intellectual property rights (safe for interest pursuant to law) and shall not use or in any other way deal with such discoveries inventions or intellectual property rights.

Yours faithfully,
Tech Star Global
